Company profile

JIAXING KAIDA APPAREL CO., LTD. is a professional knitwear sourcing and manufacturing company with over 40 years of industry experience in OEM, ODM, and private label production. We provide integrated solutions covering product development, yarn sourcing, sampling, production management, quality control, and shipment coordination for fashion brands, retailers, and sourcing companies worldwide. We have experience serving well-known fashion brands, including Massimo Dutti, Zara, MAAG, and KOOKAI.

Our production facility, **TONGXIANG QIYANG FASHION CO., LTD.**, is located in Tongxiang, Zhejiang, one of China's leading knitwear manufacturing hubs. Covering 10,000m², our factory specializes in high-quality knitwear production, combining skilled craftsmanship with modern manufacturing technology. All production-related certifications are registered under TONGXIANG QIYANG FASHION CO., LTD., subject to the applicable certification scope.

Equipped with 300+ computerized flat knitting machines and 70+ linking machines, our factory has an annual production capacity of approximately 2 million pieces. We offer a gauge range from 3GG to 16GG and extensive expertise in plain knit, jacquard, intarsia, cable knit, and rib knit techniques. Our flexible production capabilities support the entire process, from product development and sampling to bulk manufacturing and seasonal collections.

Our dedicated 12-person sampling and pattern-making team provides professional technical support throughout product development, with a standard sampling lead time of 7–10 days. We specialize in men's, women's, and children's knitwear, including sweaters, cardigans, knit jackets, knit dresses, beanies, scarves, and other knitted accessories. Our team works closely with customers to develop products that meet their design specifications, fit requirements, and target market needs.

We work with a wide selection of materials, including merino wool, cashmere, lambswool, mohair, alpaca, cotton, linen, nylon, polyester, viscose, and acrylic. Our capabilities also include printing, embroidery, beading, lace application, and other garment finishing techniques, allowing us to meet diverse design requirements and target price points.

We are committed to responsible manufacturing and sustainable sourcing. Our relevant certifications and compliance programs include GOTS, GRS, RWS, OCS, RCS, OEKO-TEX® STANDARD 100, and BSCI, subject to the applicable certificate holder and certification scope. We also support the use of organic cotton and recycled fibers to help brands achieve their sustainability goals.

Quality is central to our production process. From raw material inspection to in-process monitoring and final garment inspection, we follow systematic quality control procedures in line with agreed specifications and applicable AQL standards, helping ensure consistent quality, reliable lead times, and smooth order fulfillment.

Our products are exported to Europe, North America, Australia, the Middle East, and other international markets, serving customers in Spain, Italy, France, Germany, the UK, Norway, the United States, Canada, Australia, South Korea, and Japan. With professional development capabilities, flexible manufacturing, and reliable quality control, we provide tailored OEM and ODM solutions for established fashion brands, emerging labels, retailers, and sourcing partners worldwide.
